

LONG SUFFERING ENDS

**Miss Anna Maude Emmons Dies in
the Bloom of Young Womanhood
—Funeral Thursday.**

The sequence of a long and patient illness came at 4:30 o'clock Tuesday morning with the death of Miss Anna Maude Emmons, which occurred at the home of her parents, Mr. and Mrs. C. E. Emmons, 702 Division street.

Miss Emmons was taken ill in January, 1911, with appendicitis, and between that time and February of the following year submitted to four operations, two of which were performed at the hospital in Oshkosh. Complications developed that were beyond the power of medical science to overcome and slowly but steadily she approached the end of life's journey.

For her entire life, with the exception of six years the family resided at Glidden, Ashland county. Miss Emmons lived in Stevens Point. She was born in this city twenty-five years ago last August 6 and graduated from the High school in June, 1909. Following the completion of her High school course she became a student at the Business college and had nearly completed her work at that institution when she was taken with the illness that eventually resulted in her death.

In her school career Maude, as she was known and will be remembered, was a keen student and one who commanded the confidence and the love of classmates and teachers alike. In her home and among her friends she exemplified the qualities of true and noble womanhood, and, while her death brings deep sorrow into the hearts of her relatives and friends, there is consolation in the knowledge that her sufferings are at an end and that eternal happiness can but be the reward of her life on earth. Her parents and two brothers, Myron and Roger, both of whom are younger than she, are left to mourn her death.

The funeral will be held Thursday afternoon. Rev. John A. Stemen of the Presbyterian church will conduct the services at the family home at 2 o'clock.

MAKES A NEW START.

MAKES A NEW START.

A letter received today by James Deodoros from the National Steamship Navigation Co. states that his cousin, Andrew Deodoros, of New London, who was a passenger on the burned steamer Athinal and was rescued and taken to New York, is well and has made a new start for Greece on the steamer Patris.

ELECTION OF OFFICERS.

The annual meeting of the Ladies' Aid society of the Baptist church was held at the home of Mrs. G. M. Harwood Tuesday afternoon, when Mrs. G. E. Morrill was re-elected president, Mrs. B. V. Martin vice president and Mrs. Jessie Plank secretary and treasurer. The treasurer's report showed that the receipts during the year were \$310.

DO YOU WANT YOUR KIDNEYS EXPERIMENTED ON?

Kidney troubles are getting more common every day. The government health bureau figures say deaths from this cause are 72 per cent more than 20 years ago.

Anybody who suffers constant backache, who feels blue, nervous and irritable; who has dizzy spells, headache and urinary disorders should suspect kidney weakness. Overworked kidneys must have a rest. Take a good kidney remedy to build the kidneys up again.

But be sure to get Doan's Kidney Pills—the oldest, the most widely used, the best recommended of all kidney pills, now in use all over the civilized world. Don't experiment with your kidneys. Thousands have already tested Doan's. You have their experience to go by. Plenty of cases right here in Stevens Point. Here's one:

F. C. Holman, 418 Dixon street, Stevens Point, says: "I was hurt in an accident and it affected my kidneys. I used Doan's Kidney Pills and they fixed me up in good shape. I know that they are a fine kidney medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Holman had. Foster-Milburn Co., Props., Buffalo, N. Y.

LEND EARS TO PUBLIC

President Wilson Refuses to Listen to Small Handful But Seeks Popular Opinion.

(By George P. West)

Through sweltering days of international crises,—(the word is stale in Washington.)—President Wilson has again demonstrated his marvelous ability to sit tight and to think through to a decision without seeing advisors and without a flurry in White House routine.

So far as visible signs go, President Wilson in these perilous days might be a quiet scholar leading a singularly uneventful and retired life in the big homey old mansion among the trees.

During the most critical days of the Arabic-Hesperian-Dumba incidents he saw Secretary of State Lansing for a brief forty minutes, ate luncheon at his own table with Son-in-law McAdoo once, and in the course of a week received formal calls lasting fifteen minutes from not a half dozen others,—all persons of no importance to whom international affairs are Greek.

Not once did the President sit across the table from an official or personal advisor and enjoy one of those loose and informal discussions that average citizens crave when confronted by problems infinitely less absorbing and momentous. One afternoon he sat through a ball game with the round form of Secretary of Interior Lane beside him, but the President's shaking shoulders showed that their conversation led far away from submarines and diplomatic conspiracies.

All that policemen on the White House lawn and White House correspondents saw during these days was the leisurely White House routine of golfing in the morning and motoring in the afternoon. At the executive offices assistant secretaries read newspapers and talked tennis or baseball. The appointment book was nearly blank.

This does not mean that President Wilson hasn't his finger on the pulse of the nation. He has imagination for one thing, and it is declared it is just because he wants to listen to the voice of all the people that he refuses to listen to a handful who may or may not represent the ninety millions.

The President has resumed theater-going for the first time since the death of Mrs. Wilson. In his first week he saw a stock company in one of the old popular favorites and a vaudeville show.

There is nothing high-brow in his pleasures. No gum-chewing girl with her "steady" beside her could be more appreciative when a sleepstick "artist" falls into the footlight trough or reaches over and gives the orchestra leader a resounding smack.

Dr. Gary Grayson, White House physician on special detail from the navy, is the President's constant companion at golf, motoring and the theatre. Dr. Grayson has a reputation as a good story teller, and at the White House he gets lots of practice. The President loves a good story and laughs like a boy.

Washington doesn't like the President's seclusion. It likes the searchlight on the Washington monument at night and the Marine band. It likes fuss and feathers, and it likes White House occupants who are good subjects for endless anecdotes. But even to Washington the thought occurs that perhaps the President is giving so much to the country partly because he gives so little to Washington. The presidency is such a big job these days that the man who fills it must neglect a few little details like supplying Washington with subjects for social gossip and giving the glad hand to a stream of leading citizens from Spoon river, Silver Springs and way points.

Those who know the President well say he avoids numerous personal interviews not because he does not like companionship, but because he likes it too well. When he opens his mind to a caller he gives and takes too many impressions. It taxes his strength and interferes with the orderly course of his thought. And so, just because he is so very human, he must give to some the impression that he is a cold-blooded thinking machine.

DOES ADVERTISING PAY?

The question is quite frequently asked "Does advertising pay?" It would seem to be answered in the affirmative by the statement regarding the rates that have been put into effect by the two leading publications of the country, the Saturday Evening Post and the Ladies Home Journal, if for no other reason. These publications have more than a million subscribers and the rate of \$8,000 a line and \$80,000 a full page, \$8,000 the second of two covers in three or four colors and \$8,000 for the fourth page in four colors has been announced. For the Saturday Evening Post, a rate of \$8,000 a line and \$80,000 a full page, one of \$8,000 for the first or third cover in two colors, and \$7,000 for the fourth cover in two colors, and one of \$10,000 for the first or third page in black, and \$12,000 for either double page in two colors and for one issue. It would seem that there should be no question with anyone regarding the value of print. It is simply a question of getting the information to the public through the channels that will carry the news to the greatest number of people. The tradesman who advertises is the one who forces ahead and his advertisement is an indication of his progressiveness.

Every Home Needs a Faithful Cough and Cold Remedy.

When serious chills and colds appear when you first detect a cold after sitting next to one who has sneezed, then it is that a tried and tested remedy should be faithfully used. "I never wrote a testimonial before, but I know positively that for myself and family, Dr. King's New Discovery is the best cough remedy we ever used and we have tried all of them." 50c and \$1.00.

TWO CHURCH SOCIALS.

The "get-together social" given at the Presbyterian church last Thursday evening was attended by upwards of two hundred people, who spent a most enjoyable evening. The event was informal in character. Musical and literary programs were carried out and a number of novel amusement features introduced. The reception was particularly arranged as a welcome to Normal students, who were well represented.

At St. Paul's M. E. church Friday evening a reception was held in recognition of the return of Rev. and Mrs. F. L. Hayward for another year and as a welcome event for students of the Normal. Prof. H. S. Hippensteel gave an address of welcome to the pastor, to which Mr. Hayward responded, and J. E. Delzell welcomed the students. A program of music was also given. The Epworth league and the congregation of the church planned and carried out the reception and their efforts were rewarded by an attendance of about two hundred and fifty.

WEDS KENOSHA GIRL.

Ray A. Myers, a former Stevens Point young man and whose parents, Mr. and Mrs. Henry Myers, reside at 211 Mary street, was married at Kenosha last Wednesday, September 22, to Miss Laura Junker, whose home is in that city. The groom was at one time an employee of the Whiting-Plover Paper Co., but went to Kenosha several years ago and has had a position in the brass bed factory of the Simmons Manufacturing Co. there. Mr. and Mrs. Myers spent a wedding trip of a few days in Milwaukee and Chicago and are now at Kenosha, where they will go to housekeeping.

To the Public.

"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. W. Withcral, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefited me almost immediately." Obtainable everywhere.

Yesterday is gone—Forget it. Tomorrow never comes—Don't worry. Today is here—Get busy.

Biliousness and Constipation.

It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere.

Now that Luther Burbank has become a eugenics advocate, maybe he can explain how it is that peaches and lemons are often raised on the same family tree.

None Equal to Chamberlain's.

"I have tried most of all of the cough cures and find that there is none equal to Chamberlain's Cough Remedy. It has never failed to give me prompt relief," writes W. V. Harner, Montpelier, Ind. When you have a cold give this remedy a trial and see for yourself what a splendid medicine it is. Obtainable everywhere.

Every discharged prisoner from the Michigan state penitentiary at Jackson is to be given employment at \$5 per day. Now we suppose there will be a grand rush to break into the penitentiary.

A Clogged System Needs Attention.

Are you bilious, dizzy and listless? Dr. King's New Life Pills taken at once seize upon constipation and starts the bowels moving naturally and easily. Moreover, it acts without griping. Neglect of a clogged system often leads to most serious complications. If you wish to wake up tomorrow morning happy in mind and entirely satisfied, start your treatment tonight. 25c a bottle.

TO BIG ENCAMPMENT.

E. M. Copps and J. A. Bremmer left last Saturday morning for Washington, D. C., to attend the national encampment of the Grand Army of the Republic, the latter as one of the delegates from Wisconsin. Mr. Copps was accompanied by Mrs. Copps and during their stay in the capital city they will be guests at the home of their daughter, Mrs. H. C. Claffin, where a little son recently made its appearance.

A TRAFFIC MEETING

Stevens Point Men Attend Gathering at Wausau—A Readjustment of Freight Rates Proposed.

A readjustment of freight rates in Wisconsin is a thing that commercial clubs in various parts of the state have been striving for for many months and the movement has recently gained impetus by the enlistment of many new organizations.

In response to an invitation from the Wausau Advancement association, extended to the Stevens Point Retailers' association, L. J. Seeger and A. M. Copps attended a meeting at Wausau last Thursday evening, when the traffic question was discussed by representatives of Merrill, Grand Rapids, Antigo and Rhinelander as well as Stevens Point and Wausau. As a result of this meeting it is probable that Stevens Point will throw its active support to the rate fight and it is planned to hold a meeting of the Retailers' association in the near future to map out a campaign, to be carried on in conjunction with Grand Rapids, Marshfield, Rhinelander, Antigo and Merrill as well as Fox river valley and Chippewa river valley cities. It is expected by Mr. Seeger that A. E. Solie of Wausau, traffic manager of the Central Wisconsin Traffic bureau, will be present at this meeting and outline the plan of procedure decided upon.

It is stated that Wisconsin is paying at the present time higher freight rates than any state in the union—approximately fifty per cent more than it should. It is the aim to secure a readjustment of all class rates in the state and also the class rates to and from points in "C. F. A." and Trunk Line territory, in order to provide a uniform distance scale.

CRANBERRY PICKING OVER.

Nearly all the cranberries grown on the marshes in the vicinity of Grand Rapids have been gathered and put in warehouses. The yield was somewhat below the August estimate, but the prices will be higher than last year. The Grand Rapids Leader says the crop on the Searls marsh at Walker was completed Saturday and that seventy people from Stevens Point and vicinity, who had been employed in the harvest, returned home that afternoon.

START ON LONG TRIP.

Dan Martin and George Robison transported their houseboat to Neokosa last Thursday night to start their long journey down the Wisconsin and Mississippi rivers to New Orleans, as announced in The Gazette a couple of weeks ago. The Grand Rapids Reporter stated they passed through that city Thursday night and made the following comment on the trip: "Some of our experienced rivermen thought they would be embarrassed by that kind of a boat in making such a trip, especially in shallow water, on account of being too heavy and cumbersome. However, we hope they will have a pleasant trip and a safe return."

CONSIDER A MOMENT.

How would you like to be compelled to go or send to some other town or city every time you need a spool of thread, a paper of pins, or a sack of tobacco? "Would be a frightful nuisance, wouldn't it? And you wouldn't want to live in such a graveyard town, anyway, would you? And you would feel just like selling your farm or town property and going to some place with a little life, wouldn't you—that is, if you could sell, and if anybody else was foolish enough to want to settle down and invest in a "dead hole." Now, do you think it is just a fair proposition—or even to your own interests as a property owner—to make a convenience of the local dealer when you want pins or a smoke, and then send your trade which is worth having away to some galoot who doesn't care whether you live or die, just so long as he gets your money? Do you?

A FLORIDA LAWYER.

The following paragraph from the News of Palatka, Florida, relates to a native of Portage county and elder son of Mr. and Mrs. Jas. P. Dineen of Stockton. The young man was a student at the local Normal several years ago and did newspaper work before going south:

Attorney Wm. P. Dineen has secured offices in the Merryday building. Mr. Dineen is a graduate of John B. Stetson University law school, De Land, and a young man who will surely win his way in his chosen profession. All he needs to make a record is an opportunity, which he seeks in Palatka. The News hopes he will get it, and soon.

TRIBUTE TO REV. NIMITS.

The departure of Rev. F. A. Nimits, a former pastor of St. Paul's M. E. church in this city, from Marinette to Kaukauna, to which city he was transferred by a recent conference, was the occasion for a farewell reception at the Gram M. E. church in Marinette. "An elaborate musical and literary program was rendered, after which Atty. W. H. Haase delivered the farewell address, in which he paid a fine tribute to Mr. Nimits as a reformer who had done much to improve social conditions in the city and as a preacher who dared to preach the whole gospel," said the Marinette Eagle-Star. A number of other speeches were made, including one by Mayor Fisher. During his four years at Marinette, Mr. Nimits succeeded in raising all departments of his church to a standard never before attained and he leaves the church with a large and constantly growing congregation and almost entirely free from debt.

"We are going, all the family are going," cried a pupil in great excitement to the teacher. "Going where?" she asked. "To the Pa and Ma exposition," replied the child in glee.

MAGIC WATER TOYS.

Wonderful Play Toys That Amuse the Children of the Orient.

Europe and America turn out for the edification of their children many ingenious toys, but the occidental youngsters have nothing to compare with the strange expanding water toys with which the children of the far east have for centuries amused themselves.

These are placed in small wooden boxes similar to the little paint boxes so often seen in our own country. They have the appearance of soiled shavings, broken matches and dilapidated toothpicks, but when thrown into the water the ingenious toys at once exhibit properties that show them to be considerably more than mere bits of stick.

The wood of these toys has been kiln dried, and immediately it touches the water it begins to absorb the water and to expand almost indefinitely. As it increases in size it separates and suddenly opens, becoming a very pretty toy. One stick will change into a flowerpot containing, it may be, a rosebush in full bloom. Another becomes an obese mandarin carrying an umbrella. Still another will take the form of a sea serpent, very ferocious in its tiny dimensions.

Then, too, there are toys which show as whales, tigers, crocodiles, etc. The figures are colored and present a bewildering variety in design and treatment. Their manufacture is a trade secret, kept inviolate by the guild that turns them out by the thousands.

For older children there are provided larger and even more artistic figures, consisting of historical characters—rulers, poets and soldiers—and dwarfed trees and tiny houses, whose doors and windows are full of inmates, are also among this class. The more ordinary kind cost a mere song, but the finer toys are quite expensive.—New York Press.

The Exception.

"I don't believe in borrowing trouble."

"Neither do I. Still, if I meet a man who is troubled with too much money I'm always willing to help him out."—Pittsburgh Press.

POLONIA MAN DIES.

Frank Eckman, proprietor of a saloon at Polonia, died at his home there at 11 o'clock last Saturday morning. Mr. Eckman's death was quite sudden, for although he had not been in good health for two months or more he was confined to his bed only one week. A complication of diseases was the cause.

The deceased was thirty-seven years of age and had lived in this county since childhood, when he came to this country with his parents from Germany, his native land. He was in business at Polonia for about seven years and was well known in that vicinity and in other parts of the county. He is survived by his father, John Eckman, of this city and six brothers and sisters, John, Jr., city; Victor, who is in Montana; Edward, in Minnesota; Joseph, Custer; Mrs. Martha Powalski and Mrs. Dora Tafelski, Sharon.

The funeral was held from Sacred Heart church at Polonia at 9 o'clock Tuesday morning, Rev. T. Malkowski officiating.

IMPROVE OFFICE ROOMS.

The offices of the Wisconsin Telephone Co., Dr. D. S. Rice and Dr. L. P. Pasternacki, on the second floor of Kuhl Brothers block on Main street, are being completely redecorated and repaired, as are also the hallways and stairs. Work was begun this morning and when completed the rooms will present a vastly improved appearance. Another improvement is the installation of a neatly furnished rest-room for young lady employees, installed by the telephone company in a room formerly used for storage purposes.

Mothers—Watch Irritable Children!

That fever, paleness, grinding of teeth while asleep, and coated tongue are indications that your child has worms in its system. Kickapoo Worm Killer quickly gets rid of these parasites. It is perfectly safe for even the most delicate children. It is pleasant to take and has three effective medicinal qualities—Acts as a laxative, expels the worms, and tones up the system. SNAPSHOTS AT NOTABLE PERSONS

Benjamin F. Bush, Missouri Pacific Receiver.

Benjamin F. Bush, president and chairman of the boards of the Missouri Pacific and the St. Louis, Iron Mountain and Southern Railway companies, who has been appointed sole receiver of both properties, has been connected with the Missouri Pacific in various capacities since 1903. The appointment was due to the failure of the reorganization plan, to defaults in July payments and to inability to meet obligations maturing Sept. 1.

Mr. Bush is also president of the Western Pacific, now in a receivership, and of the Denver and Rio Grande, which is solvent.
 Born in Pennsylvania fifty-five years ago, Mr. Bush began his railroad career as a rodman in the service of the Northern Pacific railroad in 1882. He became president of the Missouri Pacific in 1907.

Noted Suffragist Worker.
 Mrs. Thomas Taylor Cotnam, a "southern woman of the real south," as she calls herself, is now working heart and soul to aid the cause of woman suffrage in New York.
 Born in Virginia and for many years a resident of Texas, this ardent suffragist has lived for more than twenty years in Little Rock, Ark. All her life

MRS. THOMAS TAYLOR COTNAM.
 She has been prominently identified with club work and the woman movement. For three years she was president of the Aesthetic club, the oldest and largest woman's club in Little Rock, and she is a charter member of the Political Equality league of Little Rock, organized in 1911. She is now president of the league.
 She is the only woman who has ever spoken before the Arkansas legislature, and it is said to be due to her eloquence and her persuasive speech before the house Feb. 3, the night the woman suffrage amendment was before it for consideration, that many members changed their minds. In consequence the bill passed—51 to 18.

According to the Arkansas constitution, only three amendments may be submitted to popular vote at one time, and as there are three others ahead of the woman suffrage bill, the women will be obliged to wait until 1917 to get their measure before the people. While matters are thus pending in their own state Mrs. Cotnam, Mrs. Alice Sankey Ellington, president of the Arkansas State Political Equality league, and Miss Gertrude Watkins of the Political Equality league of Little Rock are assisting the eastern campaign.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

FORM NEW GIRLS CLUB

Organization With Purposes Similar to Boy Scouts Launched in Stevens Point.

A local branch of the Camp Fire Girls, a national organization similar in ideals and purposes to the Boy Scouts, was organized in Stevens Point last week, with nine charter members. Miss Louise Southwick is guardian of the camp, while officers elected are as follows: President, Ruth Oster; secretary, Elizabeth Alpine; treasurer, Doris Shumway. The other members are the Misses Louise Jacobs, Frances Guder, Blanche Alexander, Eva Bowers, Irene Bowers and Amy Tarr. Tah-o-waw-o-tah, an Indian word meaning "many good deeds," is the name of the camp. Additional members may be admitted, but the total is limited to twenty. Regular meetings will be held weekly, with ceremonial meetings once each month.
 The first camp of the Camp Fire Girls was organized in New York some years ago and branches have since been formed in many parts of the country. Its general purpose is to organize the daily life of girls. To bring this about there are certain obligations that members are bound to uphold, while, as an incentive to carry out their teachings, honors and ranks are conferred, based upon attainment. The ritual and ceremonies are simple, but intended to exemplify the ideals of the organization.

The Stevens Point camp was formed largely as a result of the efforts of Miss Louise Southwick, who was a member of the branch at Evanston, Ill., where she was a student at Northwestern University. One of its first activities was the holding of a home-made candy sale at the Krembs drug store last Saturday, when a neat sum was realized and will be applied to the purchase of a charter, costumes and other necessary articles.

BAPTIST STATE CONVENTION.

The annual convention of Wisconsin Baptists will be held at Green Bay October 11-14. Between three and four hundred delegates are expected at the meet. Plans for an excellent program are being made by the committee, and some of the best speakers from various parts of the country will deliver addresses. The church of this city will be represented at the convention by Rev. James Blake and possibly others. Mr. Blake is on the program for a report on the Rayburn meetings held here last year.

Facts for Sufferers.

Pain results from injury or congestion. Be it neuralgia, rheumatism, lumbago, neuritis, toothache, sprain, bruise, sore stiff muscles or whatever pain you have yields to Sloan's Liniment—brings new fresh blood, dissolves the congestion, relieves the injury, the circulation is free and your pain leaves as if by magic. The nature of its qualities penetrate immediately to the sore spot. Don't keep on suffering. Get a bottle of Sloan's Liniment. Use it. It means instant relief. Price 25c and 50c. \$1.00 bottle holds six times as much as the 25c size.

No matter what the political contingencies in minor forms may be during the coming campaign, the great fight in the republican ranks in Wisconsin is to be a battle without quarter between Senator Robert M. La Follette and Governor Emanuel L. Philipp for the control of the republican party in Wisconsin. In fact the battle is already on, and the political duel which these men are already fighting is likely to be the climax of the great fight which has been going in this state for the past fifteen years between the so-called progressive republicans and the so-called conservatives. Whether E. L. Philipp will be a candidate for the republican nomination for the United States senate against Senator La Follette is a question which cannot be answered.—De Pere Democrat.

THE VALUE OF SALT IN THE BATHROOM.

Salt is not only a necessity in the kitchen, but it will work wonders in the bathroom. It is the cheapest and best of nerve tonics and the finest of skin lotions. Salt is to beauty in the bathroom just what it is to food in the kitchen. In fact, it is the solution offered by nature to most of our beauty and health queries.

Every one has heard of the splendid strengthening effects of salt water bathing, but few think of taking salt water baths in their own tubs. Sea salt can be bought in any drug store, and a large bag should be kept on hand in the bathroom.

When you come home tired out and nervous try a salt bath. You will find it invaluable for weakness and nervousness, and you will find that a month of the home salt bath treatment will take away all traces of that "tired feeling." In fact, the woman who bathes in salt water two or three times a week feels too vigorous and strong ever to know that tired sensation.

If the skin on the face or throat is flabby you will find a salt massage of the greatest benefit. This will make the skin firm and strong. Just take a half handful of salt and rub it into the skin—not too hard, for the roughness of the salt will redden and irritate the flesh, but gently and evenly. After a soft but thorough salt massage wash the face off with cold water.

The action of the salt, whether used dry or in the bath, is to enliven the circulation and to stimulate the nerves. This in turn makes the skin clearer, the color better and the general surface firmer and smoother.

Salt as a tooth powder is also at its best, for it whitens the teeth and hardens the gums.

When salt is such an aid to health and beauty and is so very cheap every bathroom should hold it.

FALL CANNING.

Practical Hints on How to Preserve Fresh Fruits.

Generally speaking, preserving means the cooking of fruits in an equal weight of sugar, long enough for the fruit to keep without being air tight. Canning may be done with little or no sugar and just enough cooking to thoroughly heat the fruit, but air must be excluded.

The same general directions apply to each process.

Needed Articles.—Granite or porcelain lined kettles or stewpans, with bales or handles and lips for convenience in pouring.

Perhaps the two quart size is most used, but if one can afford it several sizes will be found very convenient.

A small, sharp steel paring knife or, better still, a silver plated fruit knife ground down to a fine edge, expressly for fruit paring. Other necessary articles—wooden spoons—some with slits, a wire spoon, silver spoons, large and small, a skewer, scales for weighing, a hair sieve, a tin strainer and a supply of cheesecloth.

Preparation.—Observe utmost cleanliness of hands, utensils and fruit. Avoid anything that tends to lessen color or flavor. Use only sound fruits and vegetables. Clean and scald jars and covers. Use new rubbers every season.

Blackberries.—Half cupful sugar to each pint jar, boil ten minutes.

Currants.—Three-fourths cupful sugar to each pint jar, boil ten minutes.

Huckleberries.—One-half cupful sugar to each pint jar, boil ten minutes.

Pineapples.—One-half cupful sugar to each pint jar, boil ten minutes.

Pears.—One-half cupful sugar to each pint jar, boil ten minutes.

Apricots.—One-half cupful sugar to each pint jar, boil five minutes.

Peaches.—One-half cupful sugar to each pint jar, boil ten minutes.

Cranberries.—One cupful sugar to each pint jar, boil forty-five minutes.

Crabapples.—Three-fourths cupful sugar to each pint, boil thirty minutes.

How to Utilize Odd Bits of Soap You Have Saved.

Save the odd bits of toilet soap, the more expensive and highly perfumed ones as well as the ivory. When you have a good collection let them slumber in a little water on the back of the stove. When quite dissolved add violet water or any desired perfume and a few drops of lemon juice. Pour into desired mold and allow to harden. A delightful perfumed soap will be the result. Treat all bits of yellow common kitchen soap by themselves. You will be surprised to see how much good soap you would have wasted had you thrown away the useless bits.

How to Cure Freckles and Not Injure Skin.

Many women acquire what are called summer freckles that appear almost immediately on exposure to the sun and disappear a little while after the victim stays in the house.

The best treatment for these summer freckles is to bathe them frequently with pure soap and water, using a good face brush and rubbing the freckles until they are almost irritated. This friction excites the circulation beneath the skin. A good cold cream should be applied after the scrubbing.

A CANDIDATE FOR GOVERNOR?

Announcement From Nebraska Says That Don C. Hall Wants to be Wisconsin Executive.

The Gazette is in receipt of a clipping from the Stockman at Wood Lake, Neb., giving an excellent write-up of the Don C. Hall Dramatic Co., which played a week's engagement there. The article concludes as follows:

"Don C. Hall himself is a character unique in the history of our country. He follows his chosen calling with the zeal of the idealist, but at the same time is a profound student of governmental affairs and political movements. He has served as a member of the legislature in his home state, Wisconsin, and is now a candidate for governor of that state."

The announcement that Mr. Hall intends entering the race for the governorship was undoubtedly suggested by the gentleman himself and will prove of special interest to the voters in this immediate section, where he is well known. It will be remembered that Mr. Hall was a candidate for the state senatorial nomination last fall but was defeated in the Republican primaries by A. R. Potts of Waupaca county. It was intimated some few weeks ago that Don would again be in the field for this position, or might desire to again represent Portage county as assemblyman. But if he really has the gubernatorial bee buzzing in his bonnet, there will be something doing in the Badger state next summer and fall.

DENTAL FIRMS CHANGE.

Next Friday, October 1, Dr. W. R. Cashin will formally withdraw as a member of the dental firm of Cashin & Park and will become associated with Dr. L. P. Pasternacki in the practice of his profession. Dr. L. W. Park, who has neat and up-to-date office quarters above the First National bank, will continue his individual practice. Drs. Pasternacki and Cashin will install additional equipment in their offices in the Kuhl block, which are now being re-decorated and repaired, and in addition to their local practice will maintain offices at Plainfield and Scandinavia. Dr. Cashin will be at Plainfield each Tuesday and Wednesday and at Scandinavia each Friday. During the other days of the week he will be at the home office, to which Dr. Pasternacki will continue to give his undivided attention.

WAS MEMORABLE DAY

Triple Celebration at Friedens Church Sunday Was Occasion for Mutual Rejoicing.

Members of the congregation of Friedens church and their friends joined in a celebration of triple significance last Sunday, when the new bell that was recently hung in the edifice was dedicated and the seventy-fifth anniversary of the denomination and the twentieth anniversary of the congregation were commemorated.

The dedicatory ceremonies were a part of the German services in the morning and were conducted by Rev. E. Kollath of Malone, assisted by the pastor, Rev. M. M. Schmidt. In his address Rev. Kollath emphasized the strong association that exists between the church and the Christian religion. Hymns by the mixed choir, the male choir and the children's choir added to the impressiveness of the services.

The joint anniversary celebration took place in the evening, when the service was mostly in English. Rev. Kollath gave a brief history of the German Evangelical Synod of North America, which represents the state church of Germany.

He mentioned the church institutions, including seminaries, college, hospitals, orphan's homes and foreign missions, and also touched upon the ideals exemplified by the denomination.

Rev. Anton Hefel, pastor of the German Methodist church, gave a short talk, using as his text the biblical passage "Hitherto has the Lord helped us." He took occasion to emphasize the value of an active ladies' aid society in any church.

The pastor, Rev. Schmidt, followed with a most interesting sketch of the local congregation, which was organized on September 12, 1895, by Rev. C. Hartenstein of Colby, with a membership that consisted of thirteen families. Fred Steiler, William Rosenkranz and F. W. Giese, who are still active members, were among those who took part in the organization.

Following up his subject, Rev. Schmidt recounted events of the years that have elapsed. Rev. L. Ludwig was the first pastor and it was during his stay that the church and parsonage were erected. In all there have been eight different pastors, including Rev. Schmidt, who began his work here on October 1, 1913, and the congregation now numbers fifty-two families. The growth in the last few years has been such as to justify the expectation that the congregation will soon be independent instead of being a joint charge.

At the evening service musical numbers were rendered by the mixed choir, a quartet and the children's choir. The church, for both services, was beautifully decorated with autumn leaves, evergreens, potted plants and flowers.

The Ladies' Aid Society served dinner in the church basement between 12 and 2, from which \$28 was realized, and the offerings during the day were unusually large. The attendance taxed the capacity of the edifice.

OLD SOLDIER DIES.

M. D. Soper, a former resident of this city and a veteran of the Civil War, died at the Veterans' Home, Waupaca, last Friday afternoon, following a long illness. Mr. Soper served for nearly two years with Co. "M," 2nd Wisconsin cavalry, in the war of the rebellion. He was a carpenter by occupation. Surviving are his widow and five sons and one daughter.

PLACED ON PAROLE.

Edward Schindler, who was arrested at Marshfield on August 18, charged with abandoning his wife and two minor children, appeared before Judge B. B. Park last Saturday and pleaded guilty. He was sentenced to two years in the state prison, but was paroled to Attorney W. E. Atwell, with the stipulation that he pay the sum of fifteen dollars each month for the next two years toward the support of his family.

NORMAL SCHOOL NEWS

Weekly Resume of What is Going on at the City's Biggest Educational Center.

The enrollment in the school to date is 542.

Pres. John F. Sims has returned from a short business trip to Chicago. Six hundred and sixteen opera chairs are being placed in the new auditorium.

A Victrola benefit will be given tonight at the Gem Theater by the 7th grade pupils of the school.

Sixteen current event classes have been organized which recite every Thursday for forty-five minutes.

On Friday of last week the general exercise period was taken up by Prof. Watson who gave an interesting talk on the life of the people in Nevada.

The dramatic club, which is under the supervision of Prof. E. T. Smith, has been organized and promises to be one of the school's leading organizations.

Socials were held Thursday and Friday nights of last week at the Pre-bysterian and Methodist churches to which Normal students were invited.

Prof. Neale has returned from Green Bay, where he attended a meeting called by State Superintendent Cary, of county superintendents, rural school teachers in Normal schools, and city superintendents. The meeting was held in the assembly room at the court house and was attended by about 75. Similar meetings were held in Eau Claire and Madison last week.

Students of last year's rural school on Tuesday evening, gave a reception to students of this department, in the gymnasium. The following conversation program was carried out, each person taking two minutes on one subject: Weather, your home community, Normal school, summer vacation, ambition for future, winter sports, athletics, tomorrow. Refreshments were served.

The first gridiron battle of the season will take place Saturday afternoon at the fair grounds when Coach Cornell's warriors will meet the Wausau High school eleven. Our boys have had lots of hard work during the last week, including scrimmage and will be in form for Saturday's game. Wausau has always proved a hard opponent to down and indications are that a fast game will result.

The first of a series of three concerts to be given by the C. W. Best Co., of Chicago, will be presented in the assembly at the Normal next Monday, Oct. 14th, at 8 o'clock. These entertainments were booked by the musical department of the school consisting of the Treble Clef club, the Glee club, and the orchestra. The first of the numbers which comes highly recommended, consists of Louis Brown, pianist, Magnonne Meeker, soprano, and Antonio Sala, cellist. These entertainments are for town people as well as for students and should be liberally patronized.

The entertainment course this year from all indications, will prove one of the best of any series ever given in this city. The first number which will be given Oct. 28th, in the Normal Auditorium, is the Fidelity Grand Opera Co., of Chicago. This company comes highly recommended and the entertainment will prove a rare treat to music lovers who attend. The second number, the Kral Concert Co., will be Dec. 13th. Its leader is accepted as one of the five greatest hand-masters of the world. He is assisted by his two daughters who also have exceptional talent. On January 3rd, Frank J. Cannon, a former member of the Mormon church and Utah's first senator, will give an address on Mormonism, showing its many evils. A very interesting number will be given Jan. 17th, when Taurant, one of the three greatest modern musicians will entertain. He will be assisted by five men. The final number will be given on Jan. 25th, when Wells Watson Gunn will give an interpretation of the play, "The Man from Home."

WANT AEROPLANE MOTORS

Paul Kosholok, proprietor of the garage and machine shop at the corner of Water and Park streets, recently received an inquiry from a New York firm as to his facilities for manufacturing aeroplane motors. The letter, among other things, stated that the engines the company is purchasing are for export to Europe, which means they are eventually to be used by the enemies of the Teutonic allies. Mr. Kosholok has had broad experience in the manufacture of motors and thoroughly understands the requirements of the aeroplane engines. However, he is not in a position to manufacture them at the rate required and could not before three months time and without a large expenditure for machinery and new plant equipment, consequently he is not figuring very strongly on closing any contract.

HIGH SCHOOL NOTES.

The members of the faculty and student body extend their sincere sympathy to Eva and Irene Bowers in the loss of their mother, who died Tuesday morning.

Mr. Jacobs, representing Spies Bros., was a caller at school Friday. He met with the members of the committee in charge of the selection of Senior class pins. No action was taken until more samples can be seen.

Miss Florence Williams of Waupun is a new member of the faculty who began work Monday morning. She teaches physiology, English and algebra. Miss Williams graduated from Ripon college and taught in the Red-granite schools last year.

On Saturday of this week Mr. Tippet, with eighteen or nineteen football men, will journey to Marshfield, where they will meet the strong high school team. The following will most likely start the game for Stevens Point: Bannach and Shumway, ends; Gavin and Longhurst, tackles; Bidwell and Horne, guards; Broten, center; Holman, quarterback; O'Keefe, fullback; Bourn and Horne, halfbacks.

LOCALS GRAB FINAL

Stevens Point Winds Up League Baseball Season By Defeating Grand Rapids, 3 to 2.

Somebody once said, and the statement has been repeated on diverse occasions, that "all's well that ends well," taking that at its literal meaning, the Stevens Point baseball team of 1915 is a howling success for, as the closing scene of the Wisconsin Valley league spectacle, the locals put the Grand Rapids speeders down for the count at the fair grounds Sunday.

And Kid Friday, around whose bonnet the pugilistic bee once buzzed, was the athlete who slipped over the punch that paved the way for a Stevens Point victory. In the ninth inning, with one run across the platter and one needed to tie, the kid was sent in to pinch hit for Hollenbeck. His response came in the form of a screeching two bagger that scored Fishleigh, who had previously sent H. Menzel in with a three sack clout.

The winning marker came in the tenth, when A. Menzel drove out a single, scoring Viertel, who had previously hit safely. A hit by W. Men-

zel and an error by Nelson, Grand Rapids' first basemen, also figured in the tenth inning excitement.

Kramer, a pitcher whose home is in Denver and who has knocked down several pay checks as a member of the Portland team of the Pacific Coast league, was on the mound for the home team and except for the fifth inning, when the visitors tallied twice on a brace of hits and an error, he held the opposition down with an iron hand.

TRAINS WERE DELAYED.

Soo line northbound passenger trains Nos. 3 and 17 were five hours late into this city this morning, due to a freight wreck at Vernon, seven miles south of Waukesha. Six cars of an extra freight went into the ditch there at 8 o'clock last evening and the wrecker from North Fond du Lac was sent out. No injuries were reported.

HAD JOINT MEETING.

The boys and men of the Methodist church joined last night in a "get acquainted" meeting in the church parlors. Rev. H. C. Logan of Grand Rapids gave an address on "Boosting Men's Work in the Church." Refreshments were served by the ladies of the church.

TO RETURN SOUTH.

Mrs. E. H. Joy, who had been the guest of Miss Anna Park and other friends in the city for the past month, will leave for her home in St. Louis tonight.

DANCY.

The new creamery is coming along finely and will soon be ready for business.

Bernice Slattery of Wausau, visited the past week in Dancy with Hazel Clement.

T. H. Hanna of Stevens Point and H. M. Jones of Auburndale, attended a commissioner's meeting in Dancy yesterday.

Everybody is busy getting in fall grain, clearing and breaking new land in this locality. The early frost finished up the fall work much earlier than in other years.

Within the past few days D. R. Dean of Eau Pleine and A. Klug of Mosinee each shipped a carload of cattle out of Dancy. G. G. Knoller shipped a carload of rye.

M. H. Altenburg and daughters Lucille and Madge, and Mr. Altenburg's uncle and aunt, Mr. and Mrs. John Altenburg, autoed to Plover Saturday and visited over Sunday with relatives.

Many of the citizens of this place and vicinity attended the picnic last Sunday afternoon at A. Feit's, Knowlton, and report having had a most enjoyable time. When it comes to entertaining a crowd Mr. and Mrs. Feit cannot be beaten. A chicken supper was served to the hundreds present from all over the country.

Worth Daeoe was in this vicinity re-

cently circulating a call for a farmers' institute to be held at the Tom Pitt school house in the near future. That the Institute would be largely attended there is no question. That district is developing into one of the best farming communities in the country. Nearly every farmer has a fine herd of pure bred cattle and everything denotes thrift.

E. A. Buzzo, who had the contract for blasting rock out of Little Eau Pleine river, will complete the work today. In carrying out this job Mr. Buzzo was ably assisted by his son, Arthur. The elder gentleman is an expert along this line, having had much experience in opening up mines in Northern Michigan. Eau Pleine contract took a much longer time than was figured on as much granite rock was encountered. The Dancy drainage commissioners were fortunate in securing Mr. Buzzo's services.

Dancy's first "good roads day" was Tuesday, when 31 people were present to lend a helping hand to improve and clear the piece of road running from the railroad walk to the box factory. Another good roads day will be held in the near future to work the road running from Dancy north to the railroad bridge that crosses the Wisconsin river. Town of Bergen people are then expected to turn out largely and lend a helping hand. On Tuesday dinner was served at the box factory parlors and was presided over by John Roll and J. K. Lind. Liquid refreshments were donated by the Ruder Brewing Co., of Wausau. Good cheer was mingled with the work and from all angles it was considered a very profitable day. When it comes to downright shoveling, Geo. H. Altenburg of Stevens Point made all the young fellows sit up and take notice. The following is a list of those who assisted:

Town of Bergen
C. Janz, town chairman;
M. H. Altenburg, one team and four men.
G. G. Knoller, team and three men.
Tom Altenburg, team and one man.
R. W. McKenzie.

Assist Your Stomach

To Get Rid of the Poisonous Gases and Fermenting Food.

A good long fast will do this sometimes. A trip to the mountains. Tramping. Roughing it. Yes, very good remedies. But are you going to avail yourself of either one of these remedies. No? Then the next best thing is to try a bottle of Peruna. Take it according to directions. You will have a natural appetite. All gas and fermentation in the stomach will disappear.

Read what Mrs. Emma Bell, Box 204, Fort Pierce, Florida, says: "I was taken suddenly with swelling of the stomach and bowels, and great distress. Very painful. Three doctors gave me no relief. Could not eat anything. Everything soured. I was starving to death. I began taking Peruna and was soon strong enough to do work. After taking five bottles I can truthfully say I am well. I gained twenty pounds."

ALLIES DEFEAT GERMANS AGAIN

Crown Prince's Effort to Relieve Champagne Repulsed.

CLAIM KAISER'S LOSS 100,000

Anglo-French Drive Continues in Champagne and Arras Region—Tentons Suffer Heavily in Move for Verdun—Berlin Claims Enemy is Checked—Kaiser Rushes West.

LONDON, ENG. — Crown Prince Frederick William's army was thrust against the French line in a new German offensive movement in the Argonne, but it seemed backward with heavy losses under the French fire. The French continued their drive in the Champagne, gaining considerable ground. The British and French north of Arras maintained all their previous gains in spite of heavy German counter attacks.

While fighting the stubbornest character waged all along the line across France it was reported that Emperor William had begun preparations to move his headquarters from the eastern front to Luxembourg in order to direct German operations in the west. He is expected at Luxembourg Friday.

German Loss at 100,000. Roused by the big advance made in the first assaults of the allies after they launched their general offensive, the Germans rushed reinforcements through Belgium to Lens and from various points into the Champagne. The arrival of these troops is believed to account for the stubbornness of the battle now in progress in the Champagne region.

Whether the fresh German troops more than fill the gaps made by earlier fighting is a mystery. The German losses already are placed by allied authorities at more than 100,000. The loss incurred by the crown prince in his new move in the Argonne swells this figure.

What the allies' loss is cannot be learned, but it is officially admitted to be considerable.

Thwart Crown Prince's Plan. In the view of the allies the crown prince assaulted the French in the Argonne with a double purpose—first to divert French troops from the Champagne region and thus lessen the force of the allies' offensive there, and second to smash a way through the French line, with Verdun for his objective. The official statement from Paris says his offensive attack was "completely checked," and that "losses were heavy."

Apparently General Joffre and Sir John French anticipated such a move when they prepared their plans, and therefore left no weak spot anywhere along the allied front.

Germans Report Foe Stopped. The German war office announces that the Anglo-French offensive in the neighborhood of Lille and the French attack in the Champagne made no further progress. The British attack in other sectors is said to have broken down with heavy British losses.

Says Offensive Failed.

BERLIN. — Via London — The combined British and French offensive of which so much has been heard has broken down completely before the impenetrable strength of the German defensive works on the western front. The war office announces that the French and British troops have been driven back at all points and that the net result of an assault which extended from the North Sea to the Vosges was nothing more than a slight prolonging of the German line at two points in Artois, north of Arras, and in Champagne north of Perthes.

The result is but little concerned over the news that the allies were able to hold the headway cut or saved an important amount of effort expended on the western front. The British war office has said that the allies' offensive was "completely checked," and that "losses were heavy."

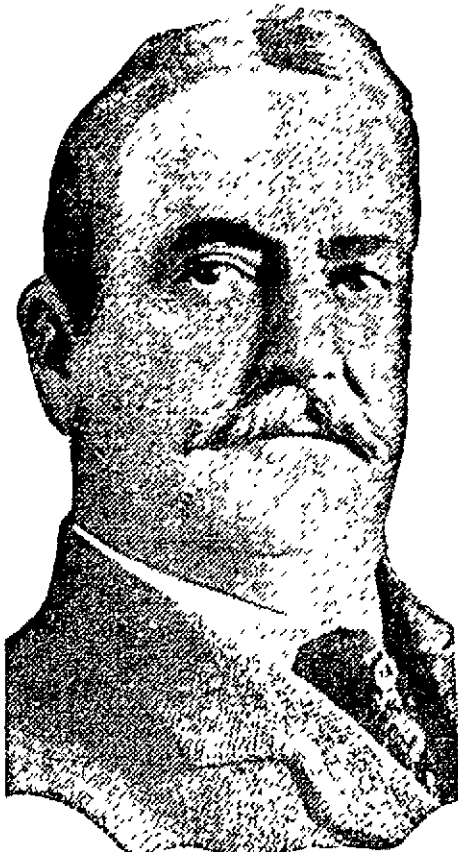

At Verdun, the German war office says that the French and British troops have been driven back at all points and that the net result of an assault which extended from the North Sea to the Vosges was nothing more than a slight prolonging of the German line at two points in Artois, north of Arras, and in Champagne north of Perthes.

Paris, France. — Mobilization of twenty classes of Greek troops will call to colors 100,000 men. This is the official figure given by the Greek war ministry, as forwarded by the Athens correspondent of the Havas News agency. The war ministry says that there is an abundance of equipment and munitions for these men.

GEN. SCRIVEN CARABOA HEAD

It Is Philippine Organization That Sang "Damn" Song.

WASHINGTON, D. C. — Brigadier General George P. Scriven, chief signal officer, U. S. A., has been chosen Paramount Carabao of the Washington Corral, Military Order of the Carabao.

The annual dinner of the Carabao will be held in Washington next December. The dinners of the organization came into special prominence two years ago when President Wilson directed that a rebuke be administered to the leading officers of the Washington Carabao for singing the song, "Damn, Damn the Filipino" at the annual dinner.

450,000 ARMENIANS ARE PUT TO DEATH

Annals of Other Turk Atrocities Offer No Parallel.

NEW YORK — Dr. M. Syrnad Gabriel, president of the Armenian General Progressive association in the United States, has received from Nubar Pasha, diplomatic representative in Paris of the Catholics, or head of the Armenian church, news in regard to the massacres of Armenians in Turkey, in which it is said that "Christian martyrdom has at no time assumed such colossal proportions."

Dr. Gabriel, in making public the letters, said that from information contained in them and from other reports he had received directly, he estimated that 450,000 Armenians had been put to death or exiled, out of a population of 1,500,000.

"It is nothing more or less than the annihilation of the whole people," declares Dr. Gabriel.

TROOPER SLAIN ON BORDER

Mexicans Make Attack in Large Force on Ranch Store.

BROWNSVILLE, TEXAS. — One American cavalryman was killed and a captain and another private were wounded in desperate attack by an overwhelming force on Mexicans on the squad at the postoffice and store on Francisco Sanchez's ranch.

The fight started before daylight and raged until nearly noon. By that time Colonel Blockson at Fort Brown and Colonel Bullard at Harlingen had rushed more than 200 cavalrymen to the neighborhood and the Mexicans suddenly stopped firing and scattered through the brush.

The dead trooper is Private Henry W. S. (left) of the 10th Cavalry, Va., and the wounded is Private Fred W. Kennedy, of Central Lake, Michigan.

DEATH CALLS KIER HARDIE

Noted British Labor Leader Expires of Pneumonia

LONDON, ENG. — James Kier Hardie, the noted British labor leader, died at Glasgow of pneumonia. He was fifty-nine years old.

Mr. Hardie had one of the most interesting careers of all the men in public life in Great Britain in the last thirty years. He was chairman of the labor party in parliament. He founded the publication called the Labor Leader. In addition to his prominence as a trade union advocate and as a politician, Mr. Hardie was noted as an authority on Scottish literature.

BLAST KILLS 50, 200 ARE INJURED

Explosion Hurls Liquid Fire on Ardmore, Oklahoma.

DIG BODIES WITHOUT LIGHTS

Shower of Gasoline Carries Flames All Over City, and Hundreds Suffer Burns—Passenger Station, Hotel and Other Big Buildings Blown Up — Loss \$500,000.

ARDMORE, OKLA. — From fifty to 100 persons were killed, half the business district was set on fire and the passenger station and freight sheds were blown up when a 250-barrel tank car exploded fifty yards from the station here. Because the crash destroyed the lighting plant hundreds worked in the dark all night, digging the dead and injured out of the ruins. Many of the dead are women and children.

So great was the crash that almost simultaneously the passenger station, freight shed and adjoining buildings collapsed; the Whittington Hotel, near by tumbled to pieces, burying twenty persons in the ruins; the Pennington Wholesale Grocery company's building caught fire, and so rapid was the spread of the flames that employees and customers were tropped.

Hundreds Injured.

The fire spread with amazing rapidity, the shower of gasoline, which fell over almost the entire city, carrying the flames in every direction. An hour after the explosion more than half the city seemed to be in flames, with no apparent chance to save anything in the business district.

The number of injured cannot even be estimated. More than 200 are in local hospitals and in private homes, but hundreds of others have not been accounted for. Everybody is too busy working to relieve suffering or dig for bodies. Of the total population of about 5,000 here every able person that survived is engaged in relief work of some kind.

The property loss is estimated at \$500,000.

RECEIVER TAKES M. K. AND T.

Step Brings Total Mileage Thus Affected in U. S. to 75,000.

NEW YORK — The Missouri, Kansas and Texas railroad was added to the big list of railroads in receivership when C. E. Schaaf, president, was appointed receiver in the U. S. district at St. Louis. The system operates over 3,865 miles of road from St. Louis and Kansas City to Galveston.

This receivership brings the total mileage of railroads in receivership in the U. S. close to 75,000. The company has over \$76,000,000 stock outstanding and a bonded indebtedness of \$140,000,000.

BENJAMIN S. CABLE DIES IN AUTO CRASH

Accident Occurs With Car of Host R. T. Crane.

CHICAGO, ILL. — Benjamin S. Cable, president of the United Charities and assistant to the Secretary of Commerce and Labor under President Taft, was killed in an automobile accident at Byfield, Mass.

Mr. Cable was riding in an auto with Richard T. Crane of Chicago, at whose summer home he was a guest. They were motoring along a turnpike when a doctor's auto sped out ahead of them on a cross road. Before either driver could check his auto the machines had crashed together in a head-on collision. Mr. Crane and the physician were slightly injured. Mr. Cable was killed instantly.

Mr. Cable was a lawyer. He was unmarried and resided with his mother at 1145 Astor street. He was the son of the Ramsden R. Cable, president of the Rock Island system. When the reorganization of the road was affected and the elder Cable left it, the son entered a private law practice. He had previously been in the legal department of the road. Mr. Cable was educated in the Chicago public schools, Harvard and Yale universities.

FORTY HAITIENS ARE KILLED

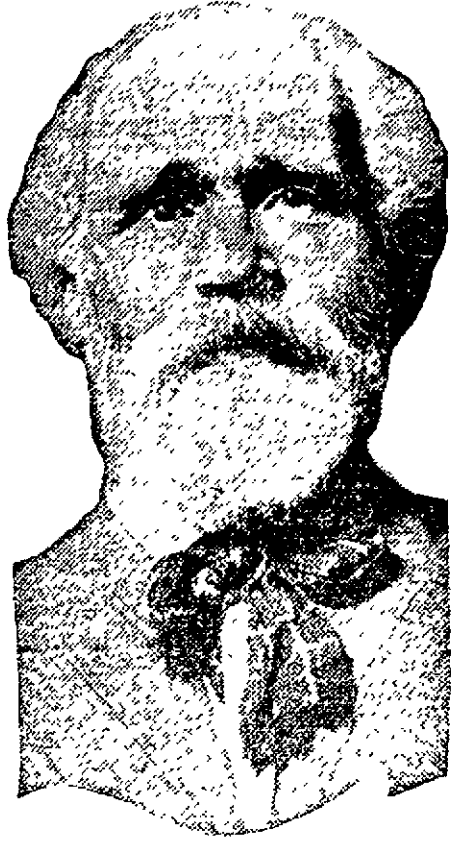

Attack Made on U. S. Soldiers Repulsed—10 Americans Wounded.

CAPE HAITIEN. — In an attack by Haitian rebels on an American force, about two miles from Cape Haitien, forty Haitians were killed. Ten Americans were wounded.

The rebels have refused to disarm and Americans are marching on Haiti du Gap, in the Plain of the North.

A GENERAL SURVEY OF THE WAR.

Wednesday, Sept. 22.—A dispatch from Sofia confirmed reports that Bulgaria has ordered a general mobilization. The dispatch described the country as apparently on the brink of war, the popular belief being that hostilities on the side of the Teutonic allies were imminent. All the railways have been taken possession of by the government.

The new Franco-British-Belgian plan of campaign along the western front, involving the incessant pounding of the German lines with artillery, without infantry attacks, is described in a Paris dispatch as of deadly effectiveness.

Thursday, Sept. 23.—The strongly fortified Russian City of Dvinsk, on the Dvina, 110 miles southeast of Riga, has become the new German objective now that the Russian armies apparently have escaped from the Vilna net. The German forces east and southeast of Lida are now making more rapid progress, but the safe retreat of the greater part of the Russian forces now seems to be assured. The Germans have made progress along the Dvina front, which bars the way to Petrograd. Southwest of Dvinsk the invaders captured Russian trenches on a front of nearly two miles, taking 2,000 prisoners and eight machine guns.

A London newspaper dispatch from Sofia says that Premier Radoslavoff of Bulgaria has announced to his followers the signing of a convention with Turkey for the future maintenance of armed neutrality on the part of Bulgaria.

Friday, Sept. 24.—Southeast of Riga General Russky's forces beat back the German troops attempting to approach the Dvina River. In the southern end of the battle line the Russians captured four villages from the Austrians, taking 1,500 prisoners and even the German official statement admits that Von Mackensen's advance in the general direction of Minsk has been repulsed and his forces thrown back with the loss of many men captured, and many casualties.

Elsewhere the Czar's troops have gained further minor victories. Berlin admits the loss of several cannon and a repulse of the forces advancing at Vileik after the capture of Vilna.

Saturday, Sept. 25.—The British, French and Belgian forces have begun their long awaited offensive movement in the west. Reports received from Paris and Berlin agree that the allies have pressed the attack along the whole front, from the seacoast to the extreme eastern side of the Argonne.

The main object of the allies is to drive the Germans from the trenches which they have occupied with but few changes since the retreat following the great battle of the Marne, a year ago last month.

The battle tide on the eastern front seems to be swinging more with the Russians, except in the north, where Dvinsk is under heavy attack, with the Germans making headway in their drive on this fortified city on the Dvina.

Fruits of the recent Russian successes are reported in the passage through Kiev between Sept. 2 and 20 of 45,000 Austrian prisoners on their way to interior camps.

Sunday, Sept. 26.—The tremendous struggle on the battle front in the west has been inaugurated by attacks by allies on the coast and along the 350 mile line. The artillery has been for a week clearing the way for the offensive.

The offensive of Von Hindenburg continues at Dvinsk, but the gains reported would indicate that the struggle has settled down to the character of a siege rather than a drive.

In the Balkans the attitude of Bulgaria is still the unsolved riddle. The Roumanian cabinet has been mobilized by the king. Greece has called 20 classes of reservists to the colors.

MURDER AND SUICIDE, CRIME EXPLANATION

Prosecutor J. L. Kelley Advances Theory of Mueller Tragedy.

MILWAUKEE, WIS. — Out from the maze of mystery which has held the death of Captain Robert Mueller and his wife in its tenacious tangle since Friday night, there emerged on Sunday two vital clues to form a slender trail in the path of the slayers—a yellow package of 5 cent chewing tobacco and the course of a missed rifle bullet through the trees.

On these frail details the guilt of the secret foes who, it is supposed, slew the Milwaukee man and his wife in the isolated shack which served them as a camp at Puckaway lake, near Princeton, Wis., in Green Lake county, is expected to be established.

Not the least of the over Sunday developments in the lake tragedy, one of Wisconsin's most mysterious crimes, was the startling statement of District Attorney James L. Keppey of Princeton.

"It was murder and suicide," he asserted over the long distant phone. "Captain Mueller killed his wife, saturated her body with kerosene and then, after sprinkling the walls and furniture with oil, applied the match and amid the fast gathering flames used a pistol to end his own life." Friends of the family declare Kelly's conclusion is preposterous.

BABY UP TO NECK IN CRIME

Wisconsin's Prodigy Bandit Taken to Industrial School.

RACINE, WIS. — William M. Wilbert, eight years old, bank robber, pickpocket and gang leader, has been placed where he can no longer startle the authorities with his crimes. On a charge of incorrigibility he has been sentenced to the Waukesha Industrial school, where he will be the youngest offender.

Willie's record, covering a period of two years, reads like a page from the register of the most hardened criminal. Here it is in part: Robbed Racine bank of \$40 by sneaking in the back door, the loot being divided with the gang; robbed stores on two occasions, tapping the till; shoplifted, working in 5 and 10 cent stores; picked the pocket of a workman employed in railroad construction work; ran away from home times without number; violated his parole and ignored the commands of his family and the court with impunity.

ARREST STIRS UP KENOSHA

Frank Hansmann, of Prominent Family, Taken on Woman's Story.

KENOSHA, WIS. — Kenosha society is stirred by the arrest of Frank Hansmann, a member of one of the oldest families in the town, on a warrant based on a story told to the police by Mrs. Mae Moltner Bull, twenty-year-old wife of a laborer. Five other prominent citizens are named in affidavits by Mrs. Bull to District Attorney Alfred Drury.

In her statement Mrs. Bull recited a story of automobile rides, midnight suppers and gay parties in which many prominent citizens are said to have figured. A warrant has been issued for Mrs. Eva Joerndt, who is alleged to have accompanied Mrs. Bull on some of the parties.

NO CATHOLICS QUIT BELOIT

Member of That Denomination Is Elected Class President.

BELOIT, WIS. — Since the Beloit college faculty's decision not to excuse Catholic students from religious exercises was announced, Lawrence Cunningham, Jr., of Beloit, one of the leading Catholic students in school and son of State Senator L. E. Cunningham has been elected president of the college freshman class.

Although in danger of excommunication for defying Archbishop S. G. Messmer's letter forbidding them from attending chapel exercises and bible classes at the college, none of the twenty Catholic students enrolled, so far as could be learned, has left the institution.

DEATH ENDS THEIR JOYRIDE

Three Kenosha Youths Killed as Electric Car Strikes Auto.

KENOSHA, WIS. — The lives of three young men, all under twenty-five years of age, was the price of a joy ride in an automobile taken without consent of its owner. The car was struck by a limited train on the Chicago and Milwaukee Electric railway at the Burlington crossing, a mile and a half north of Kenosha.

The dead are: Anthony Czarowski, twenty-one years old; Fred B. Protz, twenty-five years old; Frederick Metten, twenty-three years old.

Injuries May Be Serious.

OCONTO, WIS. — Frank Kosciusko, recently injured in a cave-in on Huron avenue, has been removed from his home to the Oconto hospital. It is thought he is injured internally.

WISCONSIN BRIEFS

Adler and Burglar Handcuffed Pair. WAUKESHA, WIS. — Shackled together, George Adler, alias J. W. Barnhardt, the celebrated forger, and George Brown, a burglar, sentenced Friday morning to the state penitentiary for five and seven years, respectively, were taken to Waupun.

Bars Stockholder as Lawyer.

MADISON, WIS. — The attorney-general advised District Attorney Frank W. Bucklim of West Bend, that he can not lawfully act as attorney for the West Bend Heating and Lighting company because he is a stockholder in that company.

Wolves on the Increase.

SUPERIOR, WIS. — Wild animals are apparently on the increase in Douglas county, if the experience of County Clerk Leader in issuing bounty warrants upon the pelts of thirteen wolves in a single day counts for anything.

Burlington Plant Is Sold.

RACINE, WIS. — The Burlington Electric Light and Power company has filed with the register of deeds a bill of sale transferring all its property to the Wisconsin Gas and Electric company of Milwaukee for \$60,000.

Hurt in Auto Accident.

ANTIGO, WIS. — Stephen A. Glynn was seriously injured when an automobile he was driving turned turtle when he turned out to avoid hitting a team. His chest was crushed and he sustained internal injuries.

Fearing Holdup, Use Checks.

BELOIT, WIS. — For the first time in many years the Beloit Iron works will this week pay off in checks instead of cash. The change in policy is made to avoid the possibility of a "holdup."

Auto Victim Succumbs.

RACINE, WIS. — Ole Peter Aleson, sixty-one years old, who was run down by an automobile on July 24 and suffered internal injuries, died and the coroner has ordered a post-mortem examination.

Child Loses Three Fingers.

GRAND RAPIDS, WIS. — While he was playing in an old quarry, Clarence Boetcher, thirteen years old, had three fingers blown off with dynamite. His other hand and his face were badly lacerated.

Arson Charge Dismissed.

JANESVILLE, WIS. — Judge H. L. Maxfield dismissed the case against Dr. E. H. Dudley, charged with arson, on the grounds that there was a lack of evidence to bind the defendant over for trial.

Church Poor Box Robbed.

OCONOMOWOC, WIS. — The Catholic church at Oconomowoc was entered by burglars, the contribution box being pried off the wall and carried away. The box contained about \$8.

Odd Fellows to Meet.

MADISON, WIS. — The sixty-eighth annual session of the grand encampment of the Independent Order of Oddfellows of Wisconsin will be held in Madison on Oct. 11, 12 and 13.

BACK IN NEW YORK

Andrew Deodoros, Relative of Local Young Men, Taken Safely Off Burned Steamer.

Andrew Deodoros of New London, cousin of Louis and Nick Rouskey and James Deodoros of this city, was rescued from the ocean steamer, Athina, which burned at sea three days out of New York.

A telegram received from him by his local relatives last Friday stated that he had landed at New York and would be taken to a hospital; also that all his personal baggage was lost. Whether it was injuries or merely the effects of exposure that made it necessary for him to receive hospital treatment is not known.

A peculiar coincidence in connection with the loss of the Athina is the fact that a parcel post package, which was consigned to a relative in Greece by Louis Rouskey, was returned to him last Friday afternoon for inspection. Although the package was badly broken open the contents were in perfect condition and were immediately re-sent. It is practically certain that the parcel was on the Athina and was taken off with other mail by the boats that came to the assistance of the stricken ship.

HURT OPERATING JACK.

William C. Mason, who was employed as brakeman on Soo line freight No. 23, was injured at Marshfield at about 6 o'clock last Saturday morning while working with a small hydraulic jack. The jack, which operates on the same principle as a common pump, had been used to raise a car on which a hot box had developed, and Mason was releasing the weight when the handle flew up and struck him in the mouth. Two of his teeth were knocked out and one of them was driven into his tongue, which was quite badly cut. Despite his injuries, Mason continued his run to Chippewa Falls, where he is being cared for at the hospital. Conductor Fred Revoyr and Engineer Charles Nelson were in charge of the train.

TRINITY CHURCH NOTES.

Rev. Theo. Ringoen, pastor of Trinity Lutheran church, is taking the initiative in organizing a bible class among the congregation membership and regular lessons will be heard each Sunday morning at 9:30 o'clock. Many of the new students at the Normal are attendants at the Strong's avenue church and several of them have become members of the choir. This latter organization holds rehearsals on Thursday evenings at 8 o'clock. The Young People's society is also an important factor and hold interesting meetings each alternate Thursday night in the church parlors. English services are held at this church each Sunday at 10:30 a. m. and Norwegian sermon is preached at 3 p. m. The Sunday school meets at 9:30 in the morning.

TEACHERS ARE COMING

Nearly a Thousand Expected to Attend Annual Convention in This City Next Month.

Between eight hundred and a thousand people are expected to attend the annual convention of the Central Wisconsin Teachers' association in this city October 29 and 30. The general sessions will be held in the big new auditorium of the local Normal, which is now being equipped and will be in complete readiness by the time the convention opens.

Ten years ago Stevens Point had a similar convention and made a great success in furnishing accommodations for the visitors. This year an attempt will be made to repeat this success and with that end in view a systematic plan of procedure has been adopted. A committee composed of Prof. F. S. Hyer, Prof. M. M. Ames, Miss Frances C. Bannach, Miss Margaret Clifford and Miss Lettie E. Wick has been selected to take charge of these arrangements. The problem is a difficult one and one that the public is invited to assist in solving. Those who have rooms that will be available, either for free use or for rent, are urgently requested to notify the committee as soon as possible.

S. B. Tobey of Wausau is president of the association, which last year met at Merrill. One of the important business matters to be brought up is a resolution which, if passed, will make Wausau the permanent meeting place of the organization.

FAST PASSENGER DERAILED.

Two sleepers, a dining car, a coach and a baggage car of Soo line north-bound passenger train No. 17, the "Velvet Special," were derailed two miles north of Stone Lake at 7:15 o'clock Tuesday morning. The train was in charge of Conductor C. D. Hinckley and Engineer R. S. Cochrane. It was traveling at a good rate of speed when the accident occurred, but the locomotive and the front and rear cars stuck to the rails. Nobody was hurt beyond a shaking up and the cars, which are of steel construction, were but little damaged. The wrecking outfits from this city and Superior were called out and passengers on No. 17 were taken to their destination on a new train, made up at Superior.

HEART TROUBLE FATAL.

Heart failure caused the death of August Cierzan at his home in the town of Hull early last Friday morning. Shortly after midnight Mrs. Cierzan awoke to find her husband gasping, but before medical assistance could reach him he expired.

The deceased was forty-three years of age. He is survived by his widow, two sons and three daughters, his parents, Mr. and Mrs. John Cierzan, of this city, and two sisters, Mrs. John Garsamka, city, and Mrs. Joseph Garski, Stockton.

The funeral was held Monday morning, services being conducted at St. Peter's church in this city by Rev. S. A. Elbert. The pallbearers were J. Dudzik, John Kubisiak, Adam Musial, Andrew Stefaniak, Anton Kirsling and August Kriezian.

JUNCTION CITY

A woman is never too good to be true.

And every man realizes that he used to be a chump.

Mrs. Thos. Clark went to Waukesha last Sunday for a few days' outing.

Many a man puts his foot in it when he asks a woman for her hand.

The early bird catches the worm; but the late husband catches the early morning lecture.

Dr. and Mrs. Murphy went to Milwaukee last Monday, expecting to stay there a few days.

A college education will not always enable a man to keep the dandruff from his coat collar.

Rev. W. B. Polaczyk went to Green Bay on Tuesday to witness the installation of Bishop P. P. Rhode.

Mr. and Mrs. O. C. Morgan of Darlington, are visiting with the lady's parents, J. Skibba and wife.

When a man tells you how you ought to run your business, just take a look at the way he is running his own.

Miss Grace Marchel came down from Dancy last Monday to visit a couple of days with her sister, Mrs. J. E. Masloff.

The Northern Carnival Co. came to town last Monday from Nekoosa and will entertain the folks for a couple of nights, with their new acrobatic acts.

Anton Zivney went to Milladore last Friday to his father's home and stayed with him for a couple of days. The latter is seriously ill with Bright's disease.

The dance given here last Monday by the Gibson five-piece orchestra of Appleton was largely attended by the insiders as well as outsiders. Everyone seemed to have a jolly good time.

A. L. Voyer is doing some repairing on his hotel basement and is installing a hot water heating system. He expects to have the work completed within a few days when hotel Voyer will be classed as one of the best in central Wisconsin.

A party of young people went target practicing last Sunday, to see if they could defend the country when the "call to arms" would come. Some of them, especially the ladies, got sadly disillusioned when it came to standing back of the gun stock; they threw up the job in disgust on account of the gun kicking too much. One of the girls actually thought that the projectile was coming backwards through the stock.

THE LAST EXCURSION.

The last of the Green Bay & Western Sunday excursion trains was run Sunday, when about fifty from here made the trip to Green Bay and return.

In savage countries woman is a beast of burden, and in civilized countries man is a beast and woman is a burden.

BODY IS IDENTIFIED

Man Who Met Death on Railroad Near Junction City Was From Chicago—Remains Buried.

That the man whose lifeless body was found alongside the Chicago, Milwaukee & St. Paul railroad tracks near Junction City last Wednesday morning was in all probability William Kirby, a former resident of Chicago, is the information contained in a letter received Monday by Chief of Police Hofsoos from Margaret Kirby, supposedly his daughter.

Following the discovery of the body, an investigation was begun by Coroner H. D. Boston and the railroad company, in the hope that relatives might be communicated with. It was learned that Kirby, or Butler, as he was sometimes known, had been in the employ of a Chicago concern for several years. Coroner Boston telegraphed this firm, giving a description of the man, and it is probable that this information was in turn given to the woman who is believed to be his daughter.

In the letter to the chief of police Miss Kirby asked for further information regarding the railroad victim. She also inquired as to what would be done with the body, saying she was ill and unable to send for it. She gave her address as 1423 West 73rd street, Chicago, and said she was the only daughter of William Kirby.

Tuesday afternoon the remains found a resting place in Forest cemetery, following a short prayer by Rev. James Blake at the Boston undertaking parlors.

Miss Mary Luckowitz went to Ellis Tuesday for a week's visit at the home of her parents, Mr. and Mrs. John Luckowitz.

OPERATIONS ARE SUCCESSFUL.

Frank Eiden, who was injured last July 23 when a piece of steel flew into one of his eyes while he was working at the Stevens Point garage, is expected home this week. A series of operations at Oshkosh were successful in removing the metal from the optic, as x-ray photographs made at Milwaukee proved. He will later return to Oshkosh for further treatments and will be compelled to wear glasses in the future, owing to the fact that the lens of the eye was removed.

RETAILERS TO MEET.

A special meeting of the Stevens Point Retailers' association will be held in the library club rooms Thursday evening at 8 o'clock, and a large attendance is requested as business of importance is to come up. The principal object of the meeting is to take up the matter of joining in the attempt to secure a re-adjustment of freight rates in the state. A. E. Solie of Wausau will be present to outline the purpose and plans.

LOCAL LADIES HONORED.

Mrs. C. E. Van Hecke, who attended the forty-second annual W. C. T. U. state convention at Eau Claire from September 17 to 24, was re-elected superintendent of work among foreign speaking people of Wisconsin. Mrs. Ella Sanford, president of the local union and who also attended the convention, was chosen as a delegate to the national convention, to be held at Seattle beginning October 9. Mrs. Sanford was present at last year's national gathering, which was held at Atlanta, Ga. As announced last week, Stevens Point was awarded the next state convention.
